

Hello Jason; how are you? I am fine. :)

I am actually performing some updates on my web site right now and still thinking about our updates for the print ad.

I would like to see something along these lines including the first line which is not actually the company name and should look something like this-

A+ Appliance Services

Rods Appliance Service is a
BBB accredited business maintaining an
A+ BBB rating and providing Free Phone Quotes,
\$20 Cash Discounts, Brand Name Parts,
Two year warranty a Price Meet or Beat Assurance.
Established in 1995 and Locally Owned.
www.rodscontracts.com

So this is the basics. Please include credit card logos as well as a "BBB accredited company" logo such as the one that is on my home page. You may also want to try using the payment logo from my page as well.

And see what you can do to make this ad really stand out in terms of graphics or other art such as images of appliances and/or service vehicle from your graphics archive.

I do appreciate your efforts and looking forward to seeing what you create.

Kindest regards;

Rodney.
